**Reviews and Tasting Notes:**

“(2000 bottling): **n23** any more oil from the nose and people will start fracking it...; the smoke is largely untroubled by fruit, as is the visible malt; **t24** usual oily delivery... about the fifth or sixth flavour wave in some gentle, sweet grape can be found; the spices form more quickly and, as modest as they are, last the course; **f24** a beautiful smoked trifle and caramelised wafer washed down with milky mocha; **b24** an accomplished, delicate malt where the grape and smoke harmonise with uncommon good will. Fabulous.

95 points.”
